Ten of us got together starting Friday night for a FTF draft.. We enjoyed good start, quite a few conversations and great food.

The group voted and decided to break up to Two Divisions of 5, playing a total of 26 games. Each team played 4 games against each team within their division and 2 games with each team outside their division. The top 2 records in each division would advance.

Division A was won by Bill Fenlon with a 16-10 record, being led by Paul Skens, 2nd place was secured by Michael Strite getting shocked in the draft when Nick Kurtz fell to him at pick 10. Michael had a 15-11 record. .

Division B was won by Sean Riley with a 16 -10 record. 2nd place went to Jim Gary after he beat Will Roberts in a play-in game. Jim's record was 14-10.

First round of playoffs saw Michael beat Sean in the best of five winning 3 games to 1. Online, Bill was able to capture a friendly split die and sweep Jim Gary in 3 games.

In the Finals, Bill was able to stay hot and beat Michael 4 games to 1. This secured Bill's first West Regional Championship and also prevented Michael from going back to back.

This was the only FTF Tournament in the West this year, but there has been quite a bit of interest expressed for the West Opener next year. We will keep everyone posted interested in participating in the virgin FTF tournament of 2027.
